

FROM THE CHAIRMAN'S TABLE

After a rapid start, 2024 shows no signs of slowing down. So far, the journey has kept us on our toes with each passing month presenting new challenges and opportunities for growth and innovation in the lifting sector.

Behind the scenes, the LEEASA team continue to work hard, day in and day out, to deliver enhanced value to our members, and the commitment to excellence does not waver. Only when we all work together can we navigate the complexities of our industry, always striving to exceed expectations and set new benchmarks for excellence.

This includes an ongoing focus on education, driving knowledge and skills commitment to ensuring legal compliance and best practices within the lifting industry. Recognising the critical importance of clarity and transparency, we have spared no effort to enlist the expertise of leading subject matter experts and engineers to deliver user-friendly and informative guides for our industry. The contributions of these experts have been instrumental in developing resources such as the Vetting Guide, which serves as a comprehensive roadmap for end-users and responsible parties alike. By outlining the legal obligations and requisite documentation necessary when engaging service providers, we aim to ensure that all work conducted adheres to the highest safety and compliance standards.

Similarly, we've developed the Monorail Beams and Jib Cranes Guide to tackle the confusion around testing these critical components. This guide empowers end-users and inspectors with clear protocols, ensuring safety standards are met confidently.

But, the year is far from over, and there are still plenty of exciting things on the horizon. We are looking forward to our participation in the upcoming Electra Mining 2024 event taking place from 2 – 6 September at the Johannesburg Expo Centre.

As the most significant mining, electrical, automation, manufacturing, power, and transport trade show in Southern Africa, Electra Mining presents unparalleled opportunities for networking, education, and collaboration. Our presence at this prestigious event underscores our unwavering commitment to advancing industry knowledge and fostering meaningful

connections within our community. We can also tell you that preparations are well underway for the two-day educational and interactive conference hosted by LEEASA and Lifting Africa at Electra Mining. This event offers delegates further valuable opportunities to network with industry peers and related sectors, enhancing the overall attendance experience at the show. This year will also once again see forklift drivers take each other on showcasing their skills and abilities. The much anticipated Forklift Driver Competition, which aims to recognise and reward highly skilled and safety-conscious forklift operators, will take place daily. Each competitor will have twenty minutes to complete their pre-inspection and obstacle course. The winner will receive a trophy and a cash prize and be crowned Forklift Driver Champion, to be announced on the show's final day. There will also be a daily educational slot for a Forklift Proof Load Test and Racking Proof Load Test Demonstration.

As much as things remain constant, they also evolve. As South Africa gears up for its upcoming elections, LEEASA is also poised for some change. The imminent Annual General Meeting (AGM) will bring forth the election of a new board and chairman. We need to embrace this change and adjust accordingly. We are grateful for your steadfast support and dedication to our common goals. Let's press forward with determination and innovation, fostering prosperity throughout the lifting sector.

Wishing you a safe lifting season,

Feel free to reach out to the board members if the need requires.

Chairman: Ashley Davis: ashley@leeasa.co.za

Vice Chair: Andries Agenbag: andries@leeasa.co.za

Treasurer: Surita Marx: surita@leeasa.co.za
